

Luis Marinho

Executive Vice President, Operations

Luis Marinho has been Executive Vice President of Operation at Embraer since May 5, 2023, after serving as Vice President of Operations from July 29, 2020, to May 2023. In this role, he is responsible for defining and implementing performance improvements across the company's entire operational organization, with a strong focus on excellence, efficiency, and value creation for customers.

Marinho brings extensive experience in the implementation of Lean philosophy within the aeronautical industry. His work emphasizes increasing productivity, simplifying processes, and fostering a culture of excellence across production, logistics, strategy, and planning functions.

He joined Embraer in 1999 and has held several leadership positions throughout his career. In February 2014, he was appointed Managing Director of ELEB Equipamentos Ltda. Prior to that, he served as Manufacturing Engineering Manager at the GPX unit, as well as Logistics Manager for Subcontractors, and Logistics Supervisor between 2004 and 2008.

Before joining Embraer, Marinho worked for eight years at VASP, where he was responsible for maintenance and quality in avionics engineering.

Luis Marinho holds a bachelor's degree in Electrical Engineering, an MBA, and completed an executive program in Finance and Accounting for Non-Financial Executives at Stanford University.
